ABOUT US

In 1973 Pars Tile factory with 10 hectares operated in Qazvin City in Alborz. The factory at first produced walls in 2 measures (15×15 and 20×25). Due to requests from marketing business for bigger tiles, level 3 of producing porcelain started in 2005. This product developed until they operated tiles with %0.5 less water absorption, which the measures were 60×60 and 80×80. After that tiles produced by the measure of 60×120.

In 2015 tiles products developed to the measures 30×90 and 33×100. In 2021 developing level 4 of project started. In September 2021, level 4 of project got to the level and developments that it had the machine Pars operation which was the big step in tiles products. This machine product tiles with 100×80 ,100×160 ,120×120 and 100×200 measures and by producing 100×200 nano polishing it made the biggest tile in marketing.

60 percent of this products export to countries like Iraq, Russia, Germany, Armenia, Azerbaijan, Pakistan, Afghanistan, Tajikistan, Turkmenistan, Kazakhstan, Oman, Georgia, Bulgaria, Uzbekistan, Turkmenistan and 40 percent of it get sold in internal markets.

PORCELAIN
100X200

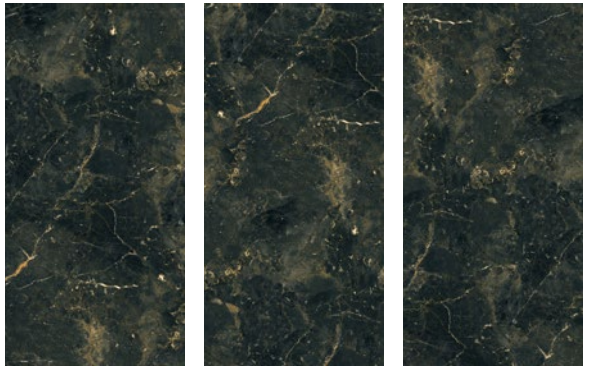

200×100 porcelain slabs offer a luxurious and modern appearance for contemporary architectural spaces. With high durability, low water absorption, and seamless visual appeal, they are ideal for floors, walls, lobbies, and large interior or exterior projects. Their large format creates a spacious and elegant atmosphere.

60X60

60×60 porcelain tiles are among the most widely used sizes in interior and exterior design. With excellent durability, moisture resistance, and a balanced appearance, they are suitable for residential and commercial environments. Easy installation and design versatility make this size highly popular.
